Sexy, Italian-bodied Plymouth on display at "Allure" ... really!

By Robin Will

Mike Bade says tickets are still available if members want to bring their cars to *Cars in the Park* at the Portland Art Museum on Saturday, August 27, in conjunction with the *Allure of the Automobile* exhibit.

August 27 is Mopar Day in the Park Blocks in front of the museum.

Your \$25 ticket will get you a parking place among the collector Mopars on the street, early admission and a special tour of the exhibit, and a Continental breakfast for two. A hospitality suite with complimentary beverages and snacks opens at 7:00AM, and there's a special program at noon.

Walk-in tickets are \$15 per person, and you're on your own for parking.

Parking on the street begins at 7:00AM sharp, and Mike will announce a staging time and place so that CPPC members can arrive and park together.

One of the cars on display is a sexy coupe known as the Plymouth Explorer.

Concept cars were popular marketing tools in the 1950s, and when Chrysler corporation finally noticed that styling sells cars, they partnered with Ghia of Italy in a series of beautiful one-off vehicles.

Two of the Ghia cars bore the Plymouth name: the convertible Belmont, and the hardtop Explorer coupe. The Dodge name showed up on Firearrows, there were 1954 and '55 DeSoto Adventurers, and 1952, '53 and '54 Chrysler Specials and d'Elegance models.

The Explorer was created on a 114" wheelbase, the same as production '54 Plymouths. It looked fast, but it was powered by the 110hp 230ci 6-cylinder engine, and a Hy-Drive transmission.

NOT YOUR GRANDPA'S PLYMOUTH . . . This 1954 Plymouth Explorer was one of a handful of Ghia-built dream machines commissioned by Chrysler Corporation after they finally realized that styling could sell cars. There's only one of these, and it's on display at Portland Art Museum right now. Picture is from conceptcarz.com, which also has the best online discussion of the to-die-for early '50s Chrysler-Ghia collaborations.

Rusher hosts Macleay drive on Sept. 24

The Macleay Cruise-In on September 24, 2011, provides a chance to see a lot of historic Willamette Valley farmland, with no freeway driving whatsoever.

Gary Rusher will host, and he'll have a sign-up sheet at August's meeting.

Macleay is 42.8 miles from the clubhouse, due east of Salem and just north of the Santiam Highway.

The event we'll be attending is the Flywheels' 25th Annual Macleay Cruise-Inn, brought to us by the Silverton Flywheels car club and the Macleay Country Inn. It runs from 8AM-3PM; there's a \$15 entry fee; there will be dash plaques for the first 150 cars, and raffle prizes all day long.

Information is available at www.macleayinn.com, or on the Flywheels' website at <http://silvertonflywheels.org>.

The Steering Column, A Message from the President

The search has been started for new officers for the upcoming year. As our terms wind down for the Board, the two years seem to have gone quickly.

This change presents the opportunity for new folks to steer the club and those who have served will support the efforts of the new officers.

The Board has appointed a committee to search amongst the membership, for folks willing to serve as officers. There is still work from the previous Board to be completed, and we will continue to work to come up with a solution to keep the club financially secure.

Remember everyone is welcome at the monthly Board meetings, especially if you are thinking about running for a club officer position, which will be voted on at the November membership meeting.

The August Membership meeting will give everyone a chance to visit at the Hot Dog-ust Night, catch up a little on what has been going on this summer. We have new members that we need to get to know a little better so hope fully you have this date on your calendar to attend. Remember to bring your cars, so I can photograph them for next year's club calendar.

There are still lots of scheduled club events for the end of summer and early fall. Some of you, it has been a long time since we have seen you and for our new members, we are eager to learn more about you. Even if your Plymouth is not working we would like to see you at as many of these activities as you can as well as the Regular Membership meetings

Don't forget about the activities that the Mayflowers have planned for the rest of the year. For new members this is a good way to get to know many of the veteran members.

I am thinking ahead to next years club calendar and I will need pictures

Hot-Dogust Night set for August 23!

CPPC'S annual hot-dog social will be the feature of the regular meeting on Tuesday, August 23.

Hot dogs & fixings are courtesy of the Club; members are signing up to bring deserts, or help with set-up and cleanup. Donna Bade is organizing, and there's still time to sign up to help.

Stephanie Willis is bringing flowers for the tables; Don Hufschmid is bringing a Bingo game; and Donna Bade is buying and wrapping surprises for the Bingo winners.

Sept. 3 in sunny Stevenson: Show & Shine at Columbia Gorge Interpretive Center

September 3 is the date for the 15th annual Show and Shine at the Columbia Gorge Interpretive Center Museum in Stevenson, WA.

About 160 people brought cars last year. The event is also a swap meet, so count on seeing lots of good stuff, and bring a trailer to haul your loot home!

The event is a fundraiser for the Museum, which is directed by our own Sharon Tiffany, and every year several CPPC members have made the 50-mile trek to Stevenson for the cars, concessions, music, door prizes, T-shirts, and

all-around fun. And probably more sunshine that you'll see in Portland.

Registration is \$10 per car (exceedingly reasonable), which gives you one pass into the museum that would ordinarily cost \$7.

A couple of CPPC members have already volunteered to help with parking and registration, and more help would be appreciated.

Gates open at 10AM. Activities begin at noon, and the event wraps up at 4:00PM.

Info is available at 800-991-2338.

for the calendar, so if you want to be included, you need to attend some of these events. We also need the long time members, to teach the new members how we do things.

We especially need help with guest speakers, writing articles for the newsletter, hosting upcoming events, recruiting at upcoming shows and Cruise-Ins, member care and doing some of the busy work that helps the club run smoothly.

Be involved and make a difference where you can. I thank you in advance for all the help throughout the rest of the year. There will be lots of experiences to share and memories to make.

Respectfully,

Mike Bade

CPPC is featured club at Beaches' Sept. 28 windup

September 28 marks the last of the Beaches Wednesday night Cruise-Ins at Portland International Raceway, and CPPC will be featured car club on that night.

The Beaches event draws anywhere from 500-1000 cars every Wednesday all summer, and unless it's pouring rain on that day, the event is likely to be huge.

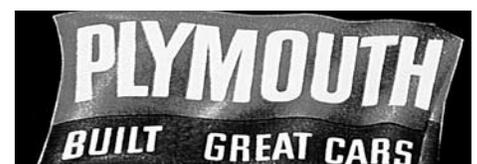

"Featured Club" means we get to park on the grass under the trees, near the bandstand and food service. We can set up our membership booth.

Beaches created this event several years ago, and it outgrew two venues before landing at PIR. All of the profits are donated to local children's charities.

Admission is \$5 for a car with two people. Additional people, or walk-ins, pay \$8.

The event gets started at 3:00PM and lasts until sundown.

Joanne Dixon initiated "our" day at Beaches, and has more information.

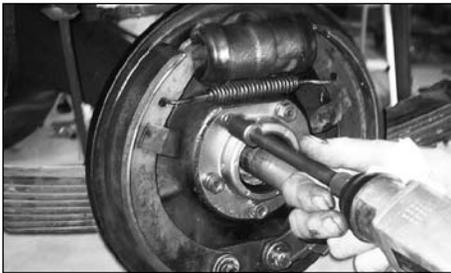

The Tech Committee: Preparing for the road trip . . .

Tom Nachand's 1933 Plymouth PD convertible needed a little attention before he set out for the National POC Meet in Pacific Grove, CA, in July.

CPPC's Tech Committee came to the rescue. Stephanie Willis provides this account:

"Chuck went out to Dave Williams house today to help Tom Nachand with his car. They fixed a rearend seal, then adjusted the brakes and the clutch, and Tom is ready to be back on the road again. Along with Dave, Tom and Chuck, Ken VanCoelen and Jimmy Fox were there to help too!"

TOP RIGHT: L-R Jimmy Fox, Ken Van-Coelen, Chuck Willis, Tom Nachand.
BELOW RIGHT: Knowing that the PD was likely to be the slowest car on the road, these serious gentlemen installed a wide-screen TV on the trunk so tailgaters would have something to watch!
BELOW: Hydraulic brakes were unusual in Plymouth's price class in 1933.

Tech Committee:

Returning one tool, hoping to borrow another one . . .

By Tim McCarthy

Gary Rusher and Tim Winchell spent many hours helping me get my newly restored brake components back on my 1936 Plymouth Deluxe business coupe. The project was completed as far as we could take it.

Now, we need one of those infamous Mopar brake adjustment tools to finish the job. So close and yet so far away!

If any member has one of these tools and is willing to lend it to me for a short while, I would so appreciate it.

I would also like to thank Bill Marble for loaning me his brake drum puller set. I could not have taken the old brake components apart without his kindness.

BODY SHOP & REPAIRS

Please keep Lorraine Griffey updated about club members who need cards, letters, or phone calls. That's lorrainegriffey@yahoo.com, or 503-666-2222.

Several CPPC members have suggested this announcement:

If you ever had chicken pox as a child, you carry the virus that causes shingles, a painful, blistering rash that is most often found in people over the age of 60. Shingles can be severely painful and debilitating, the attacks can last a long time, and it has a scary list of possible complications.

A vaccine is available. It is almost universally recommended for people over the age of 60, which applies to quite a few of us in Cascade Pacific Plymouth Club. Screenings and injections are frequently offered in local pharmacies or shopping malls. Typing "shingles vaccine" plus your ZIP code into an Internet search engine is a good place to start, if you don't already know where the vaccine is dispensed.

Don't put this off!

Pat Brost will be taking his last round of chemo very soon and he is feeling pretty good. He is hoping this will be the last one for a while.

Retha Harden says **Gary Harden** is still suffering from shingles.

Bob Westphal said **Yvonne's** spirits are good. She had her nerves zapped to control pain in a degenerated disk, but it did not last. She has a degenerated disk. Yvonne will have a knee replacement on August 11, on her right knee.

NUTS & BOLTS: Board meeting highlights

Condensed from minutes taken by
Donna Bade

The Board of Directors met August 9, 2011 at approximately 5:30 p.m. Present were the following Board Members: Mike Bade; Donna Bade; Dolores Call; Robin Will; Bob Westphal; Gary Rusher. Also attending were: Bill Call. Donna Bade recorded the minutes.

The meeting was called to order by Gary Rusher.

The minutes from the June 14, 2011 Board meeting were approved as emailed. There was NO July board meeting due to National POC meet.

Treasurer's Report: Dolores Call submitted the Treasurer's Report by mail and reported \$11,285.78 was in the treasury as of July 31, 2011.

Updated Membership: Bill will be reviewing the mailing he sent to potential members after the Sherwood event. Tom Fox is in charge of the membership table in Gresham on August 13. Robin, Gary and Mike will also be helping. Membership packets will be given out will be at Graham, WA on August 20

- 21, Stevenson, WA on September 3 and Beaches Cruise-In on September 28. Our bylaws require membership in the National POC, and Gary is trying to figure out how members could pay for both the membership in CPPC and the National Plymouth Organization at the same time.

Past Activities: Oregon Steam Up: Brooks, OR: There were 2 cars and 12 people in attendance from CPPC.

Hot Dog-Ust Night: Story, page 1. **Sunbust Meet in Graham, WA:** There are 5-7 people who have signed up the drive up for this event. CPPC members from Washington will meet us for dinner on Saturday and the car show on Sunday. Joanne and Jerry Dixon are in charge.

Allure of the Auto. There are about 20 CPPC members signed up to bring there cars and some club members are coming to be with the group even though they are not bringing a car. Story, page 1.

Beaches: This event is September 28 at PIR. Joanne Dixon has organized

this event for the CPPC to be the guest group. Story, page 3.

Nominating Committee: Each year in August, the board nominates a nominating committee to nominate new members of the board. The five people the committee nominated are Chuck Willis, Les Conner, Jerry Dixon, Barbara Rice, and Jeanette Dimick.

Member Care: See story this page.

McCleay Car Show: September 24th \$15.00 registration fee. Gary Rusher said he would organize. Story, page 3.

Bauman Farms: This tour is scheduled for October 8th. However, if no one wants to lead the tour, we may cancel this one.

Mayflowers: The Dimicks have invited the group to their home on Sept. 15th.

Tech Committee: The Tech Committee is one of the major attractions for new members, according to people who work in the membership booth at events. The Board should make certain

Board minutes (continued)

they're getting the attention and organizational help that they need. Mike will check with Dave Williams to see how to proceed.

Other Business: We need to decide on a fundraising event for next year. Do we want to hold a cruise-in? Where will we have it? Maybe a school parking lot, Hagen's or where? Robin saw another club with a cruise - in called, "Heaps of Fun," showcasing projects and less-than-perfect cars. Could we showcase the Tech Committee at such an event? Possibly get a committee and have lunch to discuss.

Cory Bade will make a jacket for next meeting so members can see what they will look like. These are thin jackets to wear in the spring and fall.

Mike did Non Profit Tax paper work online for the club for the 2011 tax year. This will need to be done each year for the club to be in compliance with the IRS.

The meeting was adjourned at 7:15 p.m.
