## Out-of-town club members plan activities; Mopar events beckon

By Robin Will

The weather dries out (at least a little bit) and suddenly there are car activities everywhere.

It's what we have all been waiting for, right?

The answer is yes and no: yes, it's gratifying to see so many people interested in the collector car hobby; and, no, we need to decide what to attend, and what to leave for another year.

How do we decide? The events run by friends? The MOPAR-only events? The ones closest to home? The shows that offer best exposure for our club?

We can make good arguments for any of those categories.

Under the "friends" heading, let's consider the Show & Shine in Stevenson, WA, on August 31. CPPC members Allen and Sharon Tiffany produce the gathering as a fundraiser for Columbia Gorge Interpretive Center, and they're grateful when club members show up to help. Every year there's a trophy awarded for club attendance. CPPC hasn't won it yet, but we keep

hoping.

We can also make a club showing in The Dalles this year. Seldom-seen CPPC members Ben and Arlene Neumayer sent a special invitation to join them for the August 9-10-11 "Cruise the Gorge" and "Show in the Shade." We can attend any or all of the events: cruising the gut in The Dalles on Friday the 9th; entering the show in the park on the 10th; and/or driving out to Dufur (13 miles to the south) for the

### Vendors at Independence: expanding the appeal

Vendors and concessions will be added to the mix at the CPPC/Central Lions Club cruise-in in Independence this year.

At CPPC's membership meeting, Gary Rusher explained that the cruise-in committee is borrowing a page from Sherwood's book. "If you have just cars, you attract only car people; if you have other activities, you appeal to spouses, kids, & browsers who wouldn't otherwise attend."

Sherwood found that including vendors was a game-changer, and CPPC and the Lions believe the extra appeal and attendance will pay off in years to come.

Members are encouraged to spread the word.

Anybody may sponsor a trophy at the cruise-in for \$50.

Vendors get space for a booth for \$50.00

Concessions may sign up for \$125.00

Contact Gary Rusher for more information.

show on Sunday. We can park as a club if they know we're coming, so talk to Jerry Dixon or download a registration form from [CascadePacificPlymouth.org](http://CascadePacificPlymouth.org) if this sounds like a good deal.

The summertime also offers opportunities for the hard-core MOPAR fans. July 20-21 is the big weekend, with back-to-back events in Salem and nearby Woodburn. On Saturday the 20th, Robersons Chrysler hosts their all-Mopar show in Salem. The next day, some of the same crowd will appear at the Woodburn drag strip. Join in the show and shine, or get your car inspected and enter the drag races!

Dave Benfield and Lloyd Schulz are coordinating CPPC's presence at Woodburn, where last year four of the five CPPC cars brought home trophies.

### Advertising at CPPC?

In a "good of the order" decision, it was recently determined that all individual advertising for Plymouths and related material will be without charge in the CPPC newsletter and on [CascadePacificPlymouth.org](http://CascadePacificPlymouth.org).

Our goal of preserving Plymouths is best served by keeping lines of communication open, whether advertisers are club members or not.

Businesses who want to place ads will be encouraged to donate something to CPPC in return for the exposure.

Ads are abbreviated to fit the newsletter format, but may run at any length on the club's website.

Please remember to tell Robin when your item sells, so he can remove your ad.

# The Steering Column, A Message from the President

Summer time is the time to drive your favorite old car that you've had hidden away for the long months of winter. The next several months are filled with fun car related events and shows.

Unfortunately, we all have a big proponent working against us: sky high gas prices. If your budget strings are like the Westphal's, they already tightened to the hilt as it is. Even with a recent slight drop in gas prices, it is possible that we are looking at decreased CPPC member participation, in club events this summer.

Sadly, I will have to reduce my long range event schedule because my 'summer fun funding' has gone into my P-15 coupe, which is very close to being on the road again. Fortunately there are myriad of local shows that are popping up almost daily. There are several shows that are on dates that the club has designated for club events that involve some longer drives. You don't need to stay home if you are strapped for gas money and that club event is a little too costly. There are a number of shows close to home that are lots of fun too.

There is no reason why the club can't have members gather for several events at the same time. Since our cars didn't fit the criteria for the Model "A" picnic, the Dixon's and Westphal's attended the TIP's Cruisin & Cookout instead.

As many of you know Lorraine

*BELOW: Brosts' PD convertible and a DeSoto at the Wooden Shoe Tulip Tour.*

Griffey has stepped down from her position with Member Care. She has dutifully fulfilled this assignment for many, many years. We all owe her a true debt of gratitude! You will note, in this month's newsletter, that the Body Shop & Repairs column has a new au-

thor, Yvonne Westphal. She is off to a good start and is getting to know more CPPC members through Member Care. If you are ailing or know a member who is, please contact Yvonne.

Happy Touring

## Authentic license plates can enhance a restoration project

By Bob Westphal

Many states, as a cost saving policy, didn't issue license plates in various years. These states instead issued a license sticker that was placed inside the car in the lower right corner of the windshield in lieu of the plate. Consequently, many car collectors don't have the same year vintage license plate, as the year of their car, displayed on their car. They are using a plate either one year earlier or later than the year of their car, such as a 1929 Oregon plate on a 1930 car. When people look at your car they automatically assume that the year of the plate dictates the year of the car. To clarify the year of their car, some people are using an altered vintage plate which has had the year changed to match the year of their car. This stops the confusion as to year identity but it isn't original to the year of the era and actual correctness for purists. Law enforcement people such as the Highway Patrols have access to the variations of skipped plate years in their various states. So far most police don't say anything about these discrepancies and are more interested in ogling your car. However, a hard nosed and knowledgeable cop just might, if for some reason he didn't like the color of your eyes, give you a hassle. Original miss-

ing year stickers are rarer than hen's teeth and would cost an arm and the proverbial leg, if one could be found. Some not so correct missing year stickers, that were applied on the outside of the windshield, have shown up at swap meets for unreasonable prices in the past. That is all in the past now because Robert Hoyt's Classic Windshield Stickers at <http://inspectionsticker.net/> can provide exact replicas of these stickers, for every state in these United States. The cost is a very reasonable fifteen dollars plus shipping. Many states printed the previous year license number on the original sticker at the time of issue. In the event your state did, Bob Hoyt's will place the license number of your vintage plate on the repo sticker for a ten dollar extra cost. Hoyts also

carries inspection, ration, and various other vintage stickers. I have one of Hoyts license stickers on my P-15 and am impressed with the accuracy of their reproduction. Note: I, in no way profit from this information and pass it on to others so they can have a correct licensing procedure for the year of their car.

## Mayflowers visit Heirloom Rose Garden

Above: Barbara Rice strolls through the rose arbor, while the Benfields relax in the shade. The Mayflower tour for June was at Heirloom Rose Garden in St. Paul. Barb's friend Pat McCarthy, the Mayflowers' unofficial photographer, grew up in the house there and had some pictures from that time. Barb reports: "The group enjoyed her stories and the gardens were just beautiful. Then the group went into Newberg and had lunch at the Coppertown and enjoyed their visit with each other over lunch."

Her sister is taking care of her. She would love a call or card. Is there anyone interested to do Member Care? Lorraine has done this job for quite some time and is looking for a replacement.

Membership: Robin thanked everyone who has contributed to the newsletter. The website has had 514 visitors in May so far. It has been averaging 550 every month. 40 people have downloaded the "Headlight" article that Gary Rusher wrote. He has included information about the Independence Cruise-In on the website. People have downloaded information. He will be adding this to facebook. if you see it, LIKE it and it will help advertise this event. If the committee decides to advertise in all the Oregon newspapers, Robin will be sending in an article. It will cost \$75, but a good way to advertise our Cruise-In.

Member kits are available to take to car shows. This could get our club new members. He had two packets to give out, but 3 are somewhere. If you have one of them, please bring them back at

the next meeting.

We lost 24 members this year in our club. We gained 4 at the Swap Meet. There are 106 members in the roster.
