YOU ARE INVITED TO BECOME A MEMBER

Cascade Pacific Plymouth Club, Inc. (CPPC) is the <u>largest Regional Chapter</u> of the Plymouth Owners Club, Inc. Most of our members are in the Northwest, including Canada. Our club is open to all people interested in the preservation and restoration of all Plymouths. Established 2000, in 2023 we celebrated 23 years as a club.

CPPC is a very diverse club, not only in membership and leadership, but also in the cars owned by members. All models are represented, including stock and modified versions & Dodge - Chrysler - Desoto - Imperial Products.

Members receive an award winning newsletter, membership roster, a great resource for networking with other Plymouth owners. All regional members are required to join the National Plymouth Owners Club (application attached) which in turn provides each member with an annual subscription to the Plymouth Bulletin, winner of numerous Golden Quill Awards. This magazine provides a wealth of information and resources for restoring your old car.

We meet once a month on the 4th Tuesday, at the Clackamas Community Club, 15711 SE 90th, Clackamas, Oregon, 97015. Tire kicking begins at 6:30 pm. We encourage you to bring your Plymouth or other MOPAR car whenever possible. We usually have a guest speaker who talks about car related topics. We have a very knowledgeable Technical Committee to help with problems you may have with your Plymouth or just to get you underway in your restoration. The Club plans car tours most months and also sponsors an annual Cruise-in , currently "Down By the Riverside" the third Saturday in June. A smaller group, the Mayflowers, conducts monthly tours to area attractions during the week. All tours are open to all members and guests.
